Conveyor size:
____ Overall Width
____ Between Frames
____ Overall Length
____ Roller Center
____ Roller Size

Two perspective drawings of a roller conveyor. The top one is labeled 'Set High' and the bottom one 'Set Low'. Arrows point from the text labels to the respective drawings.

____ Ball Transfer
____ Overall Width
____ Overall Length
____ Ball Centers

If no conveyor is specified, we will quote our standard medium duty, 1.9" dia. on 3" center, set high in frame.
Note: It is the customers responsibility to assure that their load will work on the conveyor or ball transfer quoted. If no prduct size, type or application is provided the customer assumes the liability of using the conveyor or ball trasfer tops.

Ball transfer not recommended for loads greater than 2,000 lbs.
Recommended for smooth bottom containers only.
